## President's Corner

June, 2017

Greetings Archers!

I would like to thank all of the people that have stepped up and helped with recent shoots! I would also like to mention a new member, Leonard Verdeck; Leonard has stepped up and helped in many ways. He has fixed the gutters and soffit on the range and club house, patched and painted the range, cut and trimmed grass, set and tore down targets, cleaned store room and other general clean up around the club. We appreciate his initiative and hardwork!

We were about 20 archers less than last year for the State Target 900 and the NASP 900 round was a really low turnout, also.

Outdoor leagues started 3 June, if you want to shoot reach out to Dan Perra

Remember our big event of the year, The Rendezvous, is coming up, we could use some help for set up and tear down, reach out to me or a board member if able.

Our vending machine isn't cooling right, anyone know how to fix them? Let me know.

Stay safe and shoot straight! - Rick

### FLOOR ADS

Advertise your business in a long lasting floor ad in our club's indoor shooting range. Thousands of archers will see your ad every year. Each ad sells for \$1,500 and is good for the lifetime of the floor. Contact a board member or club officer today!

We expect our member to share in some of these functions. You may be asked on occasion to help only in some of these projects. If all members would share in one or two of these, we are able to keep our expenses down. If we had to hire persons to do this work, as an example a country club you dues would be thousands of dollars. By all sharing in some of these duties your club dues have been kept to a minimum. The problem is, a few have shared this load while others simply come to the club and enjoy the facility. Remember this is a private club. All members get the benefit of 80 acres with a private gate system. Please be advised, we need your assistance to keep what we have at a cost near to nothing.

In the past years, when you joined the Waltonian Archers, you were assigned a duty. As an example you were given a target assignment to maintain or maybe a duty to assist others, mowing the gate area, mowing the flats etc. A team effort has allowed us to remain solvent. With the power of many workers the load is spread out. Consider what we have as Waltonian's and what it would cost if you were to join an organization where the help is not volunteer.

A proud club member
