

President's Corner

October, 2016

Hello fellow Archers,

Well folks, it's that time of the year again... leaves are falling, deer are being hunted and snow is just around the corner.

Grass seed and new straw has been laid on the pines road and the incoming road. I'd like to thank Miene for the great work on our roads, Cal Struchen and crew for their work on the Orange Range and Tim Dougherty for his work on the bridge on the White Range. And of course thanks to everyone that has been pitching in on these and all the other projects and events around the club over the last year!

Side note, to that... please try to stay off the newly planted grass areas. Also, we will also be getting the inside ready for winter.

Keep in mind, if you make a big mess on the range, clean it up.

We will be packing bales and making 2-D targets shortly, so if anyone is interested in helping out, let us know.

A BIG THANKS to the person that bought two new grills for the kitchen!

Also, the new water filter system appears to be doing a great job, thanks Tim!

Would also like to thank John Lampe for fixing the men's bathroom!

Stay safe and shoot straight!

- Rick

- We will be having open shooting on Saturdays this winter, if anyone would like to help out, please let Rick know. This typically involves being at the club from noon till about 3pm, with responsibilities to include collecting money, overseeing the range and helping new shooters. If you can only do it occasionally that is fine, we'd like to be able to share this duty among different club members if able.

- Also, if anyone is interesting in running leagues (target, bowhunter, traditional) this winter, let Rick know

- Another big thank you to JOAD for all of the work they have been doing around the club and for the great shoots they have hosted!

- New officers and board members have been elected! I want to thank Ken VanderHamm & Jeff Morris for their service to our club as board members over the last year! Your 2016-2017 officers/board members are listed on the bottom of page 2.

- **Keep an eye out for the area around the septic lines we will cordon off the area soon, so please do not drive around it, it could cause the lines to collapse.**

- **Take care when locking the main gate, our lock must go through the VENDOR LOCK so that they have access to the club grounds.**

REQUEST...

If anyone has old blue jean material or cotton clothes that they are tossing out, we could use them for stuffing in the bags that we place behind targets down on the flats.

Also, as a reminder, **please lock the main gate** when you enter and depart the grounds. This will help deter non-members from inadvertently entering our club and **possibly causing damage or attempting to hunt and/or discharge firearms.**
